Note: The platform usage fee of € 12,500.00 per month reduces the new user app fee to just € 0.10 per user. Your deposits towards airtime will have a 10% service fee. Deposit € 1,000.00 and get credited € 900.00 on your airtime account. There is a one time integration fee of € 20,000.00 payable. The initial minimum deposit of airtime is € 50,000.00. Airtime is your prepaid deposit against call minutes and SMS services your customers use. The FULL package includes eight OEM websites, eight OEM Android APKs and Apple iOS apps uploaded to your own account at Google Play Store and Apple iTunes Store. You can link your eight PayPal accounts and 8 credit card merchant accounts so your customers pay you directly. Your FULL package can host eight rate plans in multi currencies to offer voice and SMS services. Airtime credit is valid for 6 months. The included CRM module automates the billing, the verification process and a hello-lifetime-lost communication towards your customers via app alerts, SMS and email. The dashboard gives you real time monitoring over your revenues and account activities. You are entitled to unlimited email support by our technical and sales team and an extended 24/7 Skype chat support. This package gives you access to our WEB API, APP API and TOS API. You can build your own websites and content and host it at us as well as creating your own apps.
